

THE HIRE TALENT
A TALENT ASSESSMENT COMPANY

Interview Questions Designer (Construction)

Develop and design manufactured products, such as cars, home appliances, and children's toys.

Combine artistic talent with research on product use, marketing, and materials to create the most functional and appealing product design.

Design

- Tell me about a time when your ability to analyze needs and product requirements helped you create an effective design or make an informed decision to benefit your company.
- Tell me about the most unique product you ever designed.
- What process do you use to design a product?
- Tell me how you balance feasibility with customer expectations.
- What software / design programs do you use? What are the benefits of these programs?
- Describe a complex product you designed and how you made it a reality.
- Tell me about a design project that didn't go so well. What did you learn?
- What processes do you follow to catch any mistakes in your work?

Teamwork and Communication

- Tell me how other individuals/departments are involved with the design process.
- Tell me a time when conferring with others helped you to establish an effective design concept for a final product.
- What information is important to share with your supervisor and colleagues? How do you communicate this information?
- How would you help a customer who is angry because of design changes?
- What information do you communicate to the customer? How often?
- Can you tell me about a time when you had a conflict on a team project and how you ended up finding a solution? What would you do differently?
- What is the most effective way you have found to engage stakeholders where you have to convince people who do not work for you to provide information or change their process?
- Tell me about a time you got negative feedback on your work. How did you respond?

Resource Planning and Time Management

- How do you plan, organize, and prioritize your work? How do you handle interruptions?
- Describe a time when you identified strengths and weaknesses of alternative solutions to problems. What was the impact?
- Tell me about a time when you had to wait on others before beginning your work.
- Tell me a time when organizational priorities shifted and significantly changed your assignment.
